Subject: Sediment Chemical Mobility FSP; Revised Posting

Valerie,

The Sediment Chemical Mobility FSP has been re-posted to EPA side:

[Content](#) | [PHCP Files](#) | [Documents Under Review](#) | **2008-06-13_Draft Final Sediment Chemical Mobility Testing FSP**

And the LWG side:

[Documents](#) | [Undergoing EPA Review](#) | [Sediment](#) | **2008-06-13_Draft Final Sediment Chemical Mobility Testing FSP**
Please notify LWG and EPA of the revised posting. It appears that the EPA required pdf tagging process is impacting some types of graphic files, so the figures in this version are not tagged. We will work to correct this problem in the future.

Thanks

Ross

This communication is made under the framework of the LWG Participation Agreement and in the parties' common interests in meeting LWG member obligations under the Administrative Order on Consent and in anticipation of litigation concerning liability for the Portland Harbor Superfund site. This communication is intended and believed by the parties to be part of an ongoing and joint effort to develop and maintain a common legal strategy and contains strategies, work product and legal advice within the "common interest" extension of the attorney-client privilege and the work product doctrine. This communication may include attorney-client communications. With respect to communications by private LWG members to public members, those communications are with the expectation that they will be kept confidential by the public entities. The information is intended to be for the use of the individual or entity named above. If you are not the intended recipient, please be aware that any disclosure, copying, distribution or use of the contents of this information is prohibited. If you have received this electronic transmission in error, please notify us by electronic mail at rpickering@anchorenv.com
